## Jeep Wrangler Sound Deadening / Insulating Headliner

Riding in a Jeep is great fun except for the truck's propensity for interior noise that makes it difficult to hear conversations or enjoy your sound system. Now there is an easy solution. Boom Mat's new Jeep Wrangler Sound Deadening Headliner (available in two finishes) is a custom cut, peel and stick kit that dresses up the interior of Jeep hard tops while minimizing annoying outside noise. Constructed of high quality marine grade acoustical foam that resists mold and mildew while insulating from outside heat/cold and sound with an R4 value.

- Reduces noise levels  
3 - 4 decibels!
- Reduces radiant  
heat from roof
- Improves interior  
acoustics & sound

Available for Jeep TJ,  
JK and all new JL &  
Gladiator In original  
texture or leather look.

CNC  
Machined for  
a perfect fit

## Jeep JK 2007-11 Header Wrap Kit

Helps prevent plug wire and boot melting when installing shorty headers on your 2007-2011 Jeep JK with V6 engine. There is little space for spark plug wires once headers are installed making this a must have kit.

- Includes everything needed for a typical set of shorty headers
- Withstands extreme temperatures
- Resists solvents, oils, fuel, acids & chemical spills
- Reduces underhood temperatures

### Kit Includes:

Two 25 ft rolls of TITANIUM Exhaust Wrap  
Eight 9" Stainless Positive Locking Ties  
Four 14" Stainless Positive Locking Ties  
Six 8" TITANIUM Spark Plug Boot Protectors

### JEEP JK HEADER WRAP KIT

## Vapor Block™ Fuel Line Sleeve

Line sleeving specifically developed to prevent vapor lock in fuel systems. Glass fiber and polyester laminated to an aluminum outer layer. Split design with adhesive flap.

### VAPOR BLOCK FUEL LINE SLEEVE

Part #	Description
10671	3/8" I.D. x 36"
10669	5/8" I.D. x 36"
10672	1" I.D. x 36"

## EXO Series™ Exhaust Wrap

EXO Series™ is a dual-layer design, hi-temp glass fiber, with a 304 grade stainless steel exoskeleton. This maintains high heat protection while offering superior abrasion and impact protection. Perfect for offroad applications, EXO delivers outstanding looks and rugged performance.

- Withstands up to 1800°F direct / 2500°F intermittent heat
- High impact and abrasion resistance
- Improves exhaust system efficiency

### EXO SERIES WRAP

Part #	Description
10075	1.5" x 10' Tan
10076	1.5" x 20' Tan
10059	1.5" x 30' Tan
10077	1.5" x 10' Black
10078	1.5" x 20' Black
10058	1.5" x 30' Black

## Jeep Fuel Rail & Injector Cover Kit

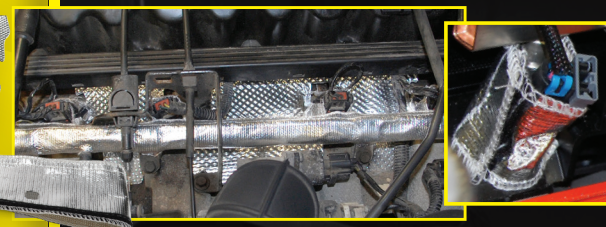

The fix for common heat soak & vapor lock problem in '97-'04 JEEP models with inline 6 engines... Heat protection kit reduces heat soak on the fuel rail and injectors, reducing vapor lock and keeping fuel cool.

- Reduces fuel rail & injector fuel temps
- Reduces chance of vapor lock
- Protect injectors & fuel rail from engine heat

One – Manifold heat shield  
One – Fuel rail heat cover  
Six – Fuel injector covers  
Twelve – OE replacement fuel injector O-rings

### JEOP FUEL RAIL & INJECTOR COVER KIT

Part #	Description
10378	Jeep Fuel Rail & Injector Cover Kit

## Easy Loom™ - Split Wire Sleeve

A clean way to protect exposed wire, hoses, and cables. Superior in style and function to plastic tubing, Easy Loom adds a superior level of protection to wires, cables and hoses exposed to abrasion & the elements. Rated up to 347°F

### EASY LOOM - SPLIT WIRE SLEEVE

Part #	Description
10650	5mm (3/16") x 20ft
10651	8mm (5/16") x 20ft
10652	10mm (3/8") x 20ft
10653	12mm (1/2") x 12ft
10654	16mm (5/8") x 12ft
10655	19mm (3/4") x 10ft
10656	25mm (1") x 10ft
10657	38mm (1-1/2") x 6ft
10663	Easy Loom Master Kit

## Heat Sheath™

Designed to slide over wires, cables and hoses, Heat Sheath provides the ultimate protection from extreme heat as well as chemical and oil spills, dirt, grease and road grime. Constructed from high temperature fabric and bonded to an aluminized material to reflect heat. Fireproof and withstands direct heat up to 500°F.

- Pliable for tight bends
- Capable of withstanding 2000°F radiant heat
- Trim to desired length

### HEAT SHEATH

Part #	Description
10418	1/2" ID x 3ft
10403	3/4" ID x 3ft
10419	1" ID x 3ft
10404	1-1/4" ID x 3ft
10420	1-1/2" ID x 3ft

## Heat Shroud™

Heat Shroud is made from a high temp glass fiber with aluminized facing. Same as Heat Sheath but with added convenience of hook & loop closure with open edges.

- Withstands 500°F direct heat
- Convenient hook & loop designed edges

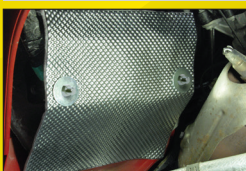

### HEAT SHROUD

Part #	Description
10405	1/2" to 1-1/4" ID x 3ft
10457	3/4" ID x 3ft
10487	2" to 2-1/2" ID x 3ft

## Jeep JK 2012-15 Battery Box Heat Shield Kit

Complete kit to protect battery boxes and electrical connections from damaging heat. Includes two heat shields, hardware and detailed instructions.

- Protects battery box and electrical connections from heat
- Heat from the passenger side exhaust can rise to the point of damaging battery boxes and electrical wiring when under heavy loads and slow speeds

Protects electrical connections from engine and exhaust heat

Protects battery box from exhaust & engine heat

### JEOP JK BATTERY BOX HEAT SHIELD KIT

Part #	Description
10456	JK Battery Box Heat Shield Kit

## Under Hood™ Thermal Acoustic Lining

Designed engine compartments as a way to greatly reduce heat and noise with a simple and easy peel and stick application. Made of 3/4" thick, high quality, acoustical grade foam with a reinforced reflective aluminum covering, Under Hood Thermal Acoustic Lining insulates the underside of hoods and serves as a sound deadener while protecting paint finishes.

- Insulate from heat while reducing noise & vibration
- Self adhesive - peel & stick application
- 3/4" thick • Temp range: -45°F to 275°F

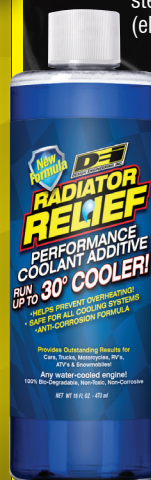

### UNDER HOOD

Part #	Description
50510	32" X 54" (12 sq ft)

## Radiator Relief™

Radiator Relief is an excellent method of treating cooling systems as a preventive step to help avoid overheating, electrolytic (electrolysis) and chemical corrosion and is compatible with all coolant additives and anti-freeze mixtures.

- Reduces temps up to 30°F
- Includes anti-foaming agent
- Corrosion inhibitor
- Reduces pre-existing scale build-up
- Compatible with all types of anti-freeze

### RADIATOR RELIEF

Part #	Description
40200	16 oz bottle
40104	32 oz bottle
