

HEAT BARRIER

NEW

Heat Screen GOLD™ Metalized Radiant Matting

Manufactured from our high temperature Metalized Polyimide lamination, bonded to a robust 20oz heat treated glass fiber base material, Heat Screen Gold will protect and keep components cool in the most demanding applications. Able to reflect direct heat up to 800°F makes this the perfect choice to keep critical components air intakes and interiors cool and protected. Heat flux test shows 36% reduction of temperature.

- 20oz. heat treated base glass
- Base glass radiant heat to 1100°F
- .031" thick
- Mechanically fasten or use DEI Hi-Temp Adhesive 010490

HEAT SCREEN GOLD

Part #	Description
010913	36" x 40" (10 sq ft)
010919	24" x 24" (4 sq ft)
