LOKJAW STAINLESS STEEL LOCKING TIES

EASY TO GET TIGHT - SPRING WAVE DESIGN CREATES MAXIMUM GRIP & LASTING TENSION

Overview:

All-new LokJaw™ Locking Ties—the easy to get tight, ultimate solution for securing exhaust wrap and other components. Engineered for maximum grip and lasting tension, LokJaw ties feature a unique spring-wave pattern that flexes as you tighten, maintaining constant pressure and a secure lock that won't loosen, slip, or fail. Built from high-grade 316 stainless steel, they deliver a strong, permanent hold that stands up to high heat.

KEY FEATURES

Maximum Gripping Power:

Unique spring-wave pattern flexes as you tighten, maintaining constant pressure allowing you to easily get ties tight without over-tightening

Premium Materials:

Crafted from high-grade 316 stainless steel for superior strength, lasting durability and outstanding corrosion resistance

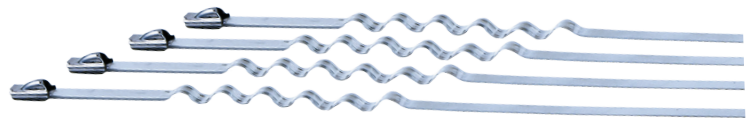

Professional Style & Finish:

Delivers a strong permanent hold for a cleaner, longer lasting, more professional installation

WHY CUSTOMERS NEED THIS PRODUCT

- Easiest locking tie on the market to install
- No other tie delivers a stronger, more secure, longer lasting hold
- LokJaw Ties deliver a unique professional look designed to compliment the style of DEI wraps
