

PLUG BOOT & WIRE PROTECTION

NEW

4 Cylinder Protect-A-Boot & Wire Kits

Kits include everything needed to protect spark plug boots and wires from harmful under hood heat. Color matched Protect-A-Boots, Protect-A-Wire and Hi-Temp Shrink Tubes included for a professional finished look.

Features:

Made from a high temperature, non-flammable glass fiber material able to withstand temperatures up to 1000°F

Titanium version is made from lava rock capable of handling up to 1800°F

Boots are of double-wall construction

Advantages:

Boots & Sleeving provide protection against harmful, high under-hood temperatures

Shrink tubes are included to provide a water-tight seal

Benefits:

Protecting spark plug boots & wires helps prevent burn-through, hardening & cracking of boots

Boot Protectors are universal, fitting most straight or angled spark plug boots

Boot Protectors and Sleeving provide a professional finished look

4 Cylinder Kit Contains:

- 13 ft of line sleeving,
- 12 - Hi-Temp Shrink Tubes
- 4 - Protect-A-Boots

BOOTS ARE 6" LENGTH WITH SEWN IN RING

AVAILABLE IN 4 COLORS PLUS TITANIUM
