

SOUND DEADENING HEADLINER

Jeep® Gladiator Sound Deadening/Insulating Headliner Kit

Riding in a Jeep is great fun except for the truck's propensity for interior noise that makes it difficult to hear conversations or sound systems. The all new Gladiator model is no different. This custom cut, peel and stick kit dresses up the interior of Gladiator hard tops while minimizing outside noise. Made of high quality marine grade acoustical foam that resists mold and mildew while insulating from outside heat/cold.

- Insulate interior from heat and cold
- Give Jeep hard top a finished look
- Made from marine grade foam
- Two finishes & multiple colors to choose from
- Easy peel-&-stick installation
- CNC machined for perfect fitment
