NEW PRODUCT SELL SHEET

CUSTOM CUT 1964-1973 FORD MUSTANG VIBRATION DAMPING & NOISE REDUCTION KIT

IN STOCK

Overview:

The first step in giving your FORD MUSTANG a quieter, more refined ride. Premium damping material engineered to reduce panel vibration and road noise. Pre-cut pieces fit your Mustang for easy installation, delivering quality you can feel and hear every time you drive.

KEY FEATURES

Vehicle-Specific Fit:
Designed specifically for 1964–1973 Ford Mustangs, with pieces tailored to the contours of your classic's interior.

Easy Installation:
Precision pre-cut pieces eliminate time-consuming measuring and trimming, while detailed, easy-to-read instructions guide you through installation.

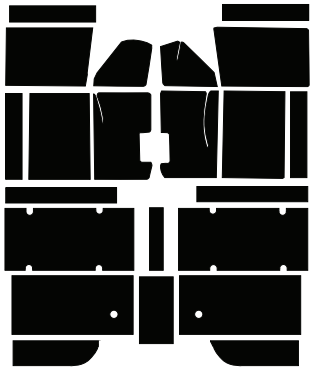

Premium Boom Mat Material:
Made in the USA with a high-performance butyl rubber base and convenient peel-and-stick adhesive backing for secure application.

Superior Sound Control:
Helps reduce road noise, vibrations, and unwanted rattles for a quieter, more comfortable ride in your classic Mustang.

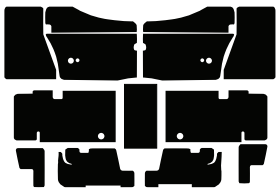

WHY CUSTOMERS NEED THIS PRODUCT

- Takes the guesswork out of what is needed to eliminate noise and vibrations on your classic Mustang
- Ease of installation because all pieces are CNC pre-cut
- Made in the USA quality materials outperform cheap online, thinner materials
