NEW PRODUCT SELL SHEET

CUSTOM-CUT 1964-1973 FORD MUSTANG UNDER CARPET LITE INSULATION KIT

IN STOCK

Overview:

Designed for 1964–1973 Ford Mustangs, the kit uses DEI's precision-cut Under Carpet Lite in place of traditional jute or carpet padding. The material is engineered to help block extreme heat from coming through the floor and absorb unwanted road noise, keeping the cabin cooler and quieter. Each piece is cut to fit for easy installation beneath the carpet.

KEY FEATURES

Precision Fit:
Each piece is pre-cut to follow the floor contours of your 1964–1973 Ford Mustang, making installation beneath the carpet easier.

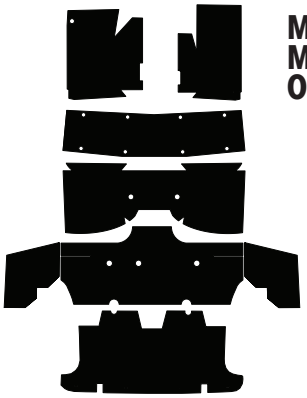

Heat Insulation:
Helps limit heat transfer through the floor to keep the cabin more comfortable on hot days and long drives.

Sound Absorption:
Absorbs unwanted road noise for a quieter ride and a more comfortable cabin.

Lightweight Design:
Adds a layer of insulation beneath the carpet without adding unnecessary weight to your Mustang.

Premium DEI Quality:
Features DEI's Under Carpet Lite, engineered to manage extreme temperatures and absorb sound in place of traditional jute or carpet padding.

MOST COMPLETE, MOST EFFECTIVE KIT ON THE MARKET

USE WITH DEI HI-TEMP ADHESIVE SPRAY ADHESIVE FOR SECURE , LONG LASTING INSTALLATION (SOLD SEPARATELY)

WHY CUSTOMERS NEED THIS PRODUCT

- Takes the guesswork out of what is needed to eliminate heat and absorb sound in your classic Mustang
- Precision CNC pre-cut pieces ensure a perfect fit for quick, hassle-free installation.
- Use in combination with Custom-Cut Boom Mat damping material kit for compete interior heat and sound control.
